

Chief information Commissioner,
KPK Information Commission,
Tasneem Plaza, Saddar Road,
Peshawar

LETTER OF APPRECIATION - (COMPLAINT No. KPIC/AR/1-5601/19)

Dear Sir,

I am writing this letter in a great state of satisfaction, gratification and a great deal of honor & respect for this prestigious commission. Its enactment is one of the greatest achievements of provincial Govt and can rightly be considered the best tool to promote accountability, transparency and sense of responsibility among those public departments which unfortunately remained unsuccessful in discharge of their basic duty of public assistance.

Referring to complaint No. mentioned in subject line, I have been provided with applied for documents by TMA Haripur on March 6, 2019 which they were denying earlier despite our several requests since more or less one year but upon becoming aware and applying the provisions of this honorable commission they were bound to do so. I will like to mention an astonishing fact that we are suffering from some false propaganda by TMA Haripur. One of the allegations is that our predecessor Ehsan Ul Haq (deceased) has constructed a superstructure more or less 40 years ago without site plans being approved. But by Grace of Allah and assistance of this principled commission we have received approved site plans which were kept in their custody.

I highly appreciate the efforts of the staff of RTI Commission for attainment of the objective this commission was brought in to force for. Being inspired, I offer my services voluntarily for the commission in any form so that I could contribute somehow towards good work

being done for the betterment of society by **KPK RIGHT TO INFORMATION COMMISSION**. Thank You.

Yours truly,

Ayaz Ehsan
